The 9th Annual *Net News* Photo Contest

Get Ready, Load Your Film, Release the Shutter, Go! This is your chance to show the world and your fellow netters how talented you are with a camera (or how lucky you were to be there when the unexpected happened). The 9th Annual *Net News* Photo Contest will showcase the best “frames” of ALTA players in the November/December 2011 issue. We’re looking for photos of solid play, unusual play or court scenes, and any notable photo relating to the game of tennis. The contest, sponsored by Head/Penn Racquet Sports, will award one Grand Prize winner and one Overall Finalist, plus winners in each of the seven categories. Category and overall winners will receive a variety of outstanding prizes from Head/Penn’s collection of quality tennis gear.

So get out your cameras and start taking pictures. Or, pick out your favorite from that stack of stills sitting in your desk drawer. You just might have a winner!

ALL PHOTOS MUST RELATE TO TENNIS.

Print Photography Specifications

Photos must be submitted at a 3x5-inch or larger size. Only photo-quality paper will be accepted. While we accept 3x5-inch size photos, we advise you to have the image printed at a 5x7-inch or larger size, as it reproduces the images better (therefore making it easier for our judges to tell how good the photo really is). Please tape

the entry form below to the back of the photo. Please save your negatives, digital files and/or a second copy of your photo in case your image is damaged in transit.

Digital Photography Specifications

Digital photos will be accepted. We advise that you take and submit the photos in as large a file size as possible, because small images may not be reproducible in the magazine. Non-reproducible images will not be considered for the photo contest. Please tape your entry form to the disk or disk-case when submitting the photo (padded mailers are recommended). We can read JPEG, TIFF, EPS, PNG and Photoshop files. Please save your files and/or a second copy of your photo in case your image file is damaged in transit. Digitally manipulated images will not be accepted; digitally color corrected images are accepted.
